- **AOB**

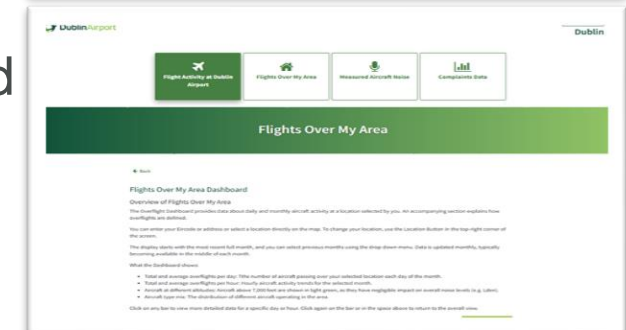

# daa Actions from Previous Meeting and Dublin Airport Update

Michelle Molloy  
Community Engagement Manager

---

No	Issue	daa response
1.	GOR requested further information regarding the scoring used in the community survey results.	Response sent to members on 14 March 2025.
2.	MM advised she would send on the 2024 Environmental Monitoring report to members when it is available.	When the report is available, it will be circulated to members of the CLG and DAEWG.
3.	MM committed to provide notice to members of the Operational Application resubmission.	Notice was sent to members on 5 February 2025.
4.	MM advised noise monitoring reports will be amended and sent to CLG and DAEWG members.	Updated reports were sent to members on 11 February 2025
5.	JS requested a map of the surface water monitoring locations.	A copy of the map is included in this evening's Dublin Airport Update.

- daa welcomed 2.9 million passengers to Dublin Airport in April (up 7.5% on the same period last year).
- daa has gifted an eight-hectare compensatory habitat at Kilsallaghan to Fingal County Council (FCC). The habitat is designed to support a variety of native flora and fauna, providing a sanctuary for wildlife. This is effectively a "rewilded" area and FCC will provide managed and supervised access to the site by arrangement.
- Dublin Airport launched '*Insightfull*' a new online tool that provides interactive information about flights to and from the airport, with associated location-specific noise data. This technology was developed by Envirosuite, a global leader in environmental intelligence solutions and is used at more than 25 airports worldwide, including Gatwick and Toronto Preston.
- Later this month, as part of its 85<sup>th</sup> birthday celebrations, Dublin Airport will launch '*Elevate '25*', a special one-off school support programme that will be available to local primary and secondary schools.

# Next Meeting

## 7pm on Tuesday, 22 July 2025

---

As usual, if there is a certain topic about which the CLG members would like the relevant airport experts to present at the next CLG meeting, please feel free to submit a suggestion.
